

POWER 2

FULLY SYNTHETIC TWO STROKE

Description

A specially formulated, fully synthetic, ash less high performance two-stroke oil.

The adoption of the JASO standards has led to a new generation of high performance two stroke motorcycle oils.

Power 2 synthetic 2T has been specially formulated from the latest additive technology and synthetic ester components in order to meet the complex and severe demands laid down by JASO and ISO-L-EGD specifications.

Benefits

- Ultra Low smoke formulation
- Fully synthetic formulation
- Protection against piston and cylinder scuffing
- Prevents pre ignition and power loss by reducing unwanted combustion chamber deposits
- Meets the widely quoted JASO requirement
- Reduced exhaust blockage contaminants
- High film strength for ultimate engine protection

Application

Power 2 synthetic 2T is suitable in Motorcycles of medium to high output but can be used in a variety of two stroke applications such as, Mopeds, Motorscooters and Chainsaws. It suitable for pre mix and oil injection systems Always refer to the manufacturers handbook for mixing ratios.

Product Specification

API	TD
JASO	FC
NMMA	TC-W3
GLOBAL	ISO-L-EGD

Typical Characteristics

Appearance	Bright Red
Specific Gravity @15.6°C	0.928
Kinematic Viscosity @40°C mm ² /s	55
Kinematic Viscosity @100°C mm ² /s	9.2
Flash Point °C	140
